

Josué e o seu Pai

**Bible
MiniWorld**

INSTRUÇÕES

MATERIAL

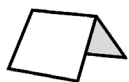

- Tesouras.
- Cola
- Imprimir as páginas dos moldes em papel de gramagem mais grossa

Cortes das peças:

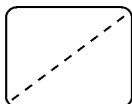

- Cortar linhas - Tracejado é apenas para dobrar!
- Dobrar o tracejado primeiro antes de começar a colar
- Recomendado ter tudo cortado antes da reunião, e preparar um kit por criança. Na reunião é apenas dobrar e colar

Dobragem

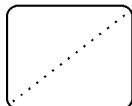

2 tipos de dobragem:

BAIXO

CIMA

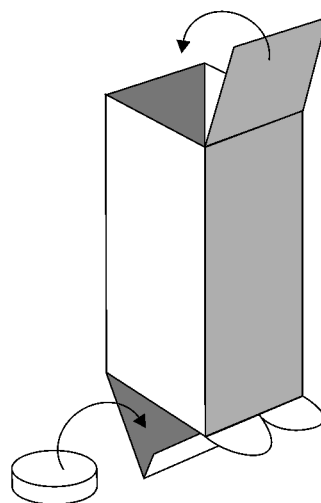

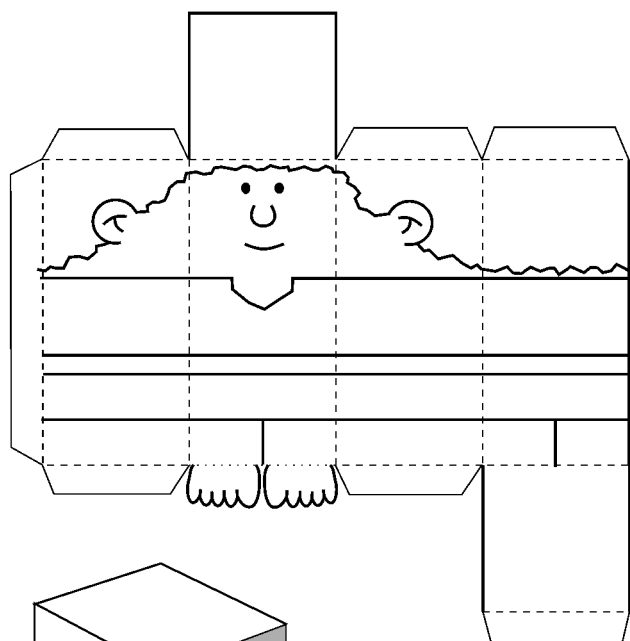

Dobrar pelos tracejados.

Para saber se a dobragem é para CIMA ou BAIXO, olhar para o tracejado, conforme figura ao lado.

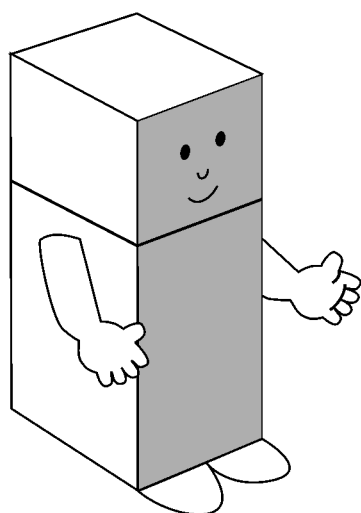

BAIXO por norma terá a textura do lado de fora e o **CIMA** a textura normamente será na parte interior.

Montagem de pessoas

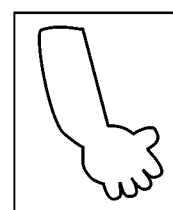

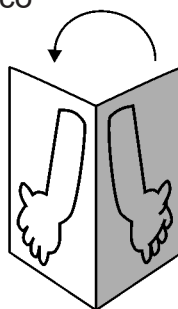

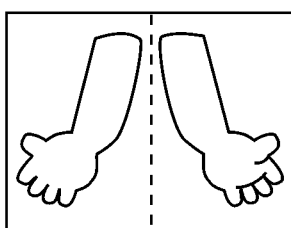

Algumas personagens têm moldes extra (mãos, etc)

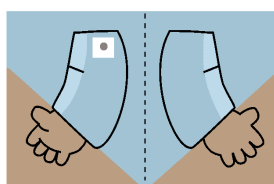

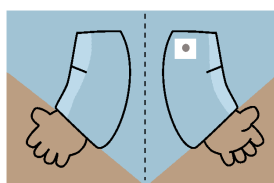

Dobrar e colar a lateral primeiro, e no fim o topo.
Opcional: Antes de colar o fundo, colar uma pequena moeda para o personagem ficar mais estável

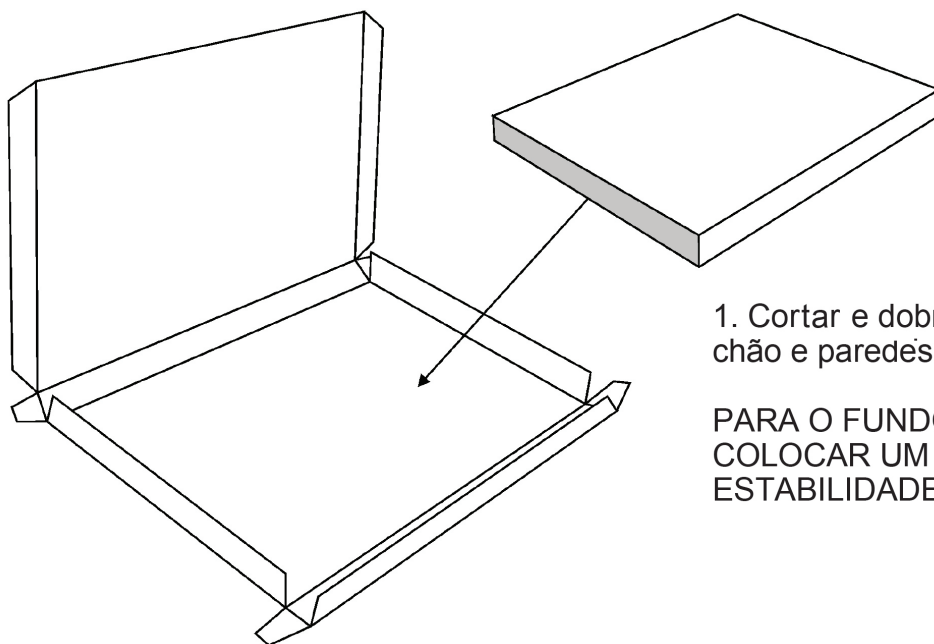

Braços: Dobrar ao meio, colar e depois cortar ao longo da mão. Por fim colar no boneco

Os pontos pequenos indicam onde meter a cola para colar no boneco, garantindo assim que o braço fique no sitio certo.

MONTAR O FUNDO

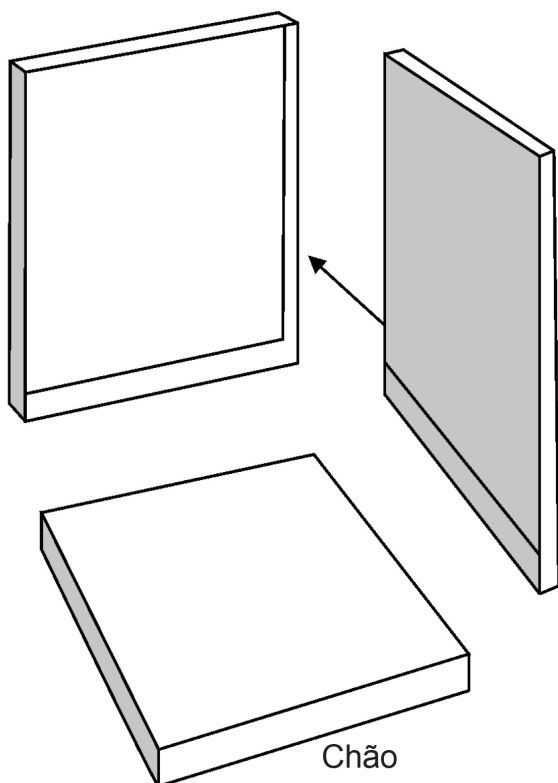

1. Cortar e dobrar as 3 partes do cenário: chão e paredes.

PARA O FUNDO É RECOMENDADO COLOCAR UM CARTÃO PARA ESTABILIDADE

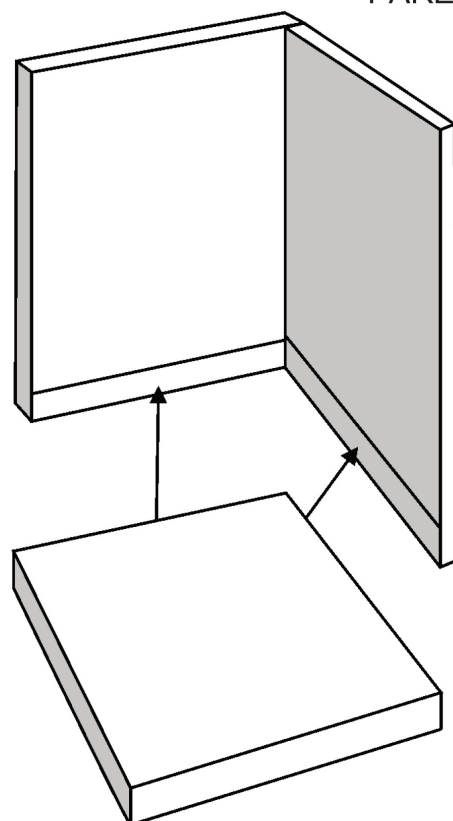

2. Montar e colar as 3 partes conforme imagem
